

DIAL PLANS

Support for both direct-dial and “meet-me” dialing plans

- Direct dial any user, video system or meeting room for instant collaboration
- Create and schedule meet-me meetings using:
 - Chrome™ Extension for Google Calendar™
 - Add-in for Microsoft® Outlook®
 - Any ICS compatible calendar
- Email-based dialing support

Support for legacy dial plans

- Dial out to any IP address or URI
- Every user and meeting room is reachable by IP address, URI or telephone number

MEETING ROOMS

Every user can create meeting rooms

- Full-screen presenter mode
- Ability to mute participants
- Optional security passcode
- Configurable layout options
- Each room supports up to 50* participants joining on an H.323/SIP video system, Lifesize Cloud app, guest client or telephone

CALL ESCALATION

Create a group call by simply adding another person to your call—no need to hang up and dial a bridge or meeting room (Feature available on the Lifesize Cloud app, Lifesize Icon™ and Lifesize 220™ video systems)

UNLIMITED GUEST CALLING

Anyone can join your call from a web browser (Chrome and Internet Explorer™), a Mac® or PC, or a video system.

TELEPHONE SUPPORT

Local telephone numbers in 50+ countries, provides dial-in support to all users and meetings

USER AND MEETING DIRECTORIES

Lifesize Cloud simplifies dialing your contacts. You no longer need to dial long IP addresses because every Lifesize Cloud app and Lifesize Icon video system comes with a prepopulated search-based directory—simply select the entry you wish to call. Add existing video systems to the shared directory

PRESENCE

Presence indicators let you see at a glance whether the person you want to reach is available**

LIFESIZE CLOUD APPS
