

LifeSize® Unity™ Series

WHO NEEDS IT?

SMBs to Large Enterprise Organizations

- Executive offices
- Huddle rooms
- Meeting spaces and boardrooms of any size

Education, Healthcare and Government

- Classrooms, training rooms, distance learning
- Hospitals, clinics, providers, telemedicine
- Federal, state and local government agencies

Quickly and easily install premium quality, fully integrated and optimized HD video collaboration solutions globally to any workspace.

LifeSize Unity Series combines best-in-class video, audio and presentation capabilities in a brilliantly optimized, integrated solution. Through its clever, all-in-one design focused on simple setup and ease of use, this series accelerates decision making by enabling global deployment of the highest quality HD video collaboration capabilities to any size meeting room.

Optimized for Simplicity and Highest Quality Experience

Preselected, best-in-class HD video, audio and presentation components are optimized to provide state-of-the-art HD video collaboration.

Rapid Deployment by Anyone

Extend HD video collaboration with a complete solution that requires no tools for assembly and can be set up in minutes. Preserve limited IT resources and deploy HD video solutions to more people in more places in less time.

Investment Protection

LifeSize Unity Series can be rapidly deployed to a new location with minimal resources, protecting your investment for years.

WHAT ARE THE KEY BENEFITS?

Easy to Use

Each device in the Unity Series is intuitive to use and lets you spend more time collaborating.

Optimized for Video, Audio and Presentation

Collaborate quickly and build stronger relationships

Quick setup by Anyone

No tools are required to set up any of the devices in the Unity Series.

Simple to Order, Providing Global Consistency

Complete integrated solution for optimum performance, all available globally.

Investment Protection

Fully integrated HD video, audio and presentation solution, with minimal facilities installation and maintenance required, provides high investment protection because solution can be easily redeployed to fit a new location.
