

SMART Podium interactive pen display

The SMART Podium interactive pen display offers a precise writing experience and intuitive interface. It helps you make large-room presentations more interactive, and helps remote colleagues collaborate more effectively from home offices.

Illuminated function buttons

Access common functions, such as the eraser and mouse, open SMART Meeting Pro software and launch the On-Screen Keyboard – the buttons illuminate in low light for easy viewing.

SMART Meeting Pro software

Write notes on whiteboard pages or over any application – then save and share them with others.

Widescreen display

A 16:9 widescreen resolution and flexible scaling options enable you to display and manipulate high-definition visuals.

High-speed USB 2.0 ports

Easily connect multimedia devices to the three accessible ports.

Accurate writing experience

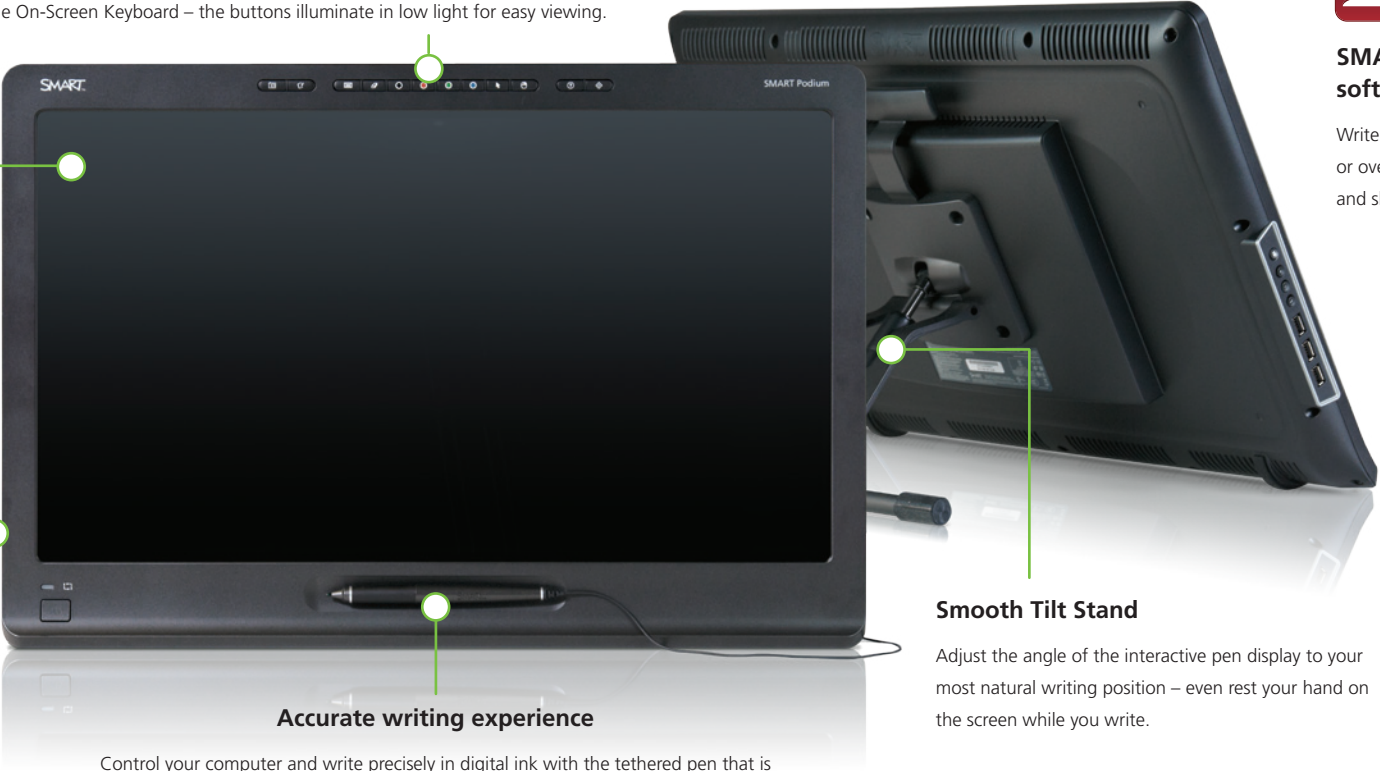

Control your computer and write precisely in digital ink with the tethered pen that is always available when you need it on the magnetic pen rest.

Smooth Tilt Stand

Adjust the angle of the interactive pen display to your most natural writing position – even rest your hand on the screen while you write.

Elegant design

SMART Podium features a sleek profile and slim bezel for optimal active screen area and a minimized overall footprint. It will complement virtually any workspace.

Key features

Integration with Microsoft PowerPoint® presenter view

Maintain a private view of your presentation material, including all slides and speaking notes, while controlling what your audience sees on the screen or interactive whiteboard or flat panel. Use the controls on SMART Podium to switch ink colors, move between slides and write speaking notes as you present.

DViT technology

SMART Podium features SMART's proprietary DViT (Digital Vision Touch) technology. With cameras incorporated in the bezel to detect pen touch and movement, DViT technology provides a responsive, accurate writing experience.

Simple installation

Connect your computer, SMART Podium and projector using USB and a DVI or VGA cable, so all devices will display the same image simultaneously.

	518	524

Weight (with stand)	19 lb. 11 oz. (8.9 kg)	27 lb. 6 oz. (12.5 kg)
Available as an appliance-based model	No	No

Tethered pen

Control your computer from SMART Podium and comfortably write over any application with the battery-free tethered pen. Because the pen is the point of contact on the interactive screen, you can rest your hand on the screen while writing notes. You can rest the pen in the magnetic pen rest when it's not in use.
