

SMART Board® 6000 Pro series

Put more heads together

Businesses achieve more when meetings are productive and everyone is able to contribute to brainstorming sessions. More productive meetings also mean fewer meetings, and more time to get things done. The new SMART Board 6000 Pro series with iQ reduces meeting time by looping in more minds, insights and perspectives at once.

Available in two sizes
65" | 75"

iQ makes everything one touch away.

SMART Boards with iQ lets your team switch with a tap, from showing a video to presenting quarterly results to surfing the Internet. Even better, the 6000 Pro series is compatible with all sorts of wireless devices right out of the box, without downloading any apps or install extra hardware. It's any easy way to boost meeting productivity, while minimizing calls to IT.

Features

SMART Meeting Pro® software

SMART Meeting Pro workspaces are unbound and virtually unlimited. Workspaces expand as you add files, include links and write notes. There's enough room for your team's biggest ideas. One room and 10 personal licenses are included.

Silktouch™ technology

The most accurate and responsive touch experience from corner-to-corner. Fingers glide effortlessly over the surface, providing hours of error-free use in perfect comfort.

SMART ink™ technology

Lets you write over websites, videos, PDFs and Microsoft Office® files and save your notes in almost any file type.

Pen ID™

Using different colored ink, multiple team members can write over almost any file type at the same time.

Object awareness™

You already know how to use it. Object awareness™ technology recognizes when you're using a finger (touch/drag), pen (write) or fist (erase).

4K Ultra HD resolution

Durable commercial-grade, glare-free LED panels display brilliantly detailed 4K Ultra HD images, text and video (3840 x 2160 pixels). All presentations and pitches will look their absolute best.

Simultaneous touch points

With 8 simultaneous touch points, on Windows or Mac, multiple people can use gestures, like zoom, rotate and flip, at the same time. It makes brainstorming sessions easy and fun.

Mini PC compatibility

Have the flexibility to equip classrooms and collaboration environments the best way you see fit. There are mounting points for Mini PCs available.

Share everything

Integration with iOS (AirPlay), Android (Google Cast) and Microsoft® (Miracast) using SMART software.

ENERGY STAR® certified

6000 series are ENERGY STAR® certified for energy efficient design.

Services

3-year manufacturer's warranty

1 year Basic Service Support Plan

including advanced hardware replacement, software maintenance and global service level agreements.

SMART Boards have received many safety, regulatory and environmental certifications, giving you peace of mind that the 6000 Pro series adheres to government or other regulatory requirements.
